

I want to complain about Indiana Telephone Privacy. I do not want banks or companies calling me. I like my privacy and that's why I pay for a private line. It's a violation to my family and my privacy. You should withdraw docket number 02-278. I will be calling my bank Fifth Third Bancorp and letting them know how I feel about this case. Shame on the FCC for drawing a petition such as this; please withdraw this petition now. We don't need the weakening of Indiana's law. Sincerely, Susan Sharpless of Batesville, Indiana
